

400X

POWERFUL BUT AGILE

It's the look of the 400X table that makes it stand out at first sight, but it truly reveals what it has to offer when played on. Its height-adjustable legs and large wheels enable it to take on any terrain. Its point counters are ideal for hard-fought matches, and its racket and ball storage spaces will prove highly practical. Together with its locking/release system combining optimal ergonomics and safety, as well as its powerful brakes, the whole family are able to handle the table safely.
